Course: River Vltava and Lužnice (dam)

Racing Course Information

The course is located in the area of the confluence of two rivers – Vltava and Lužnice. The near-by dam Korensko has created a calm lake with depth 1,5 – 4 metres. A held start is situated in the heart of the town Týn nad Vltavou. The width of the river at the start point is about 100 metres. Only 50 metres width of the river is at the first turn point.

From the start point the course leads to the confluence of two rivers – Vltava and Lužnice at 3,5 km and then to the first turn point. The length between the first turn point and first portage with natural grassy bank of the river is about 1,5 km. Approximate length of the portage is 130 metres. Then back to the town on the Vltava river. The second portage is situated in the area of start and finish point. Exit is on a wooden pier, entry is from a vertical stone bank. Its approximate length is 150 metres. The second turn point is at 1,3 km. Then back to the finish area. The length of one lap is 13 km (11 juniors). Three runs are planned for men and women (39 km in total), two laps for juniors (22 km in total). The length of one lap for masters is 13 km (two laps, 26 km in total).
